Anthony Spinelli joined the Beacon Commercial Real Estate team in March of 2016 and was hired to work exclusively at The Evolve IP Corporate Center as a member of the maintenance team. He comes from a diversified background in both construction and maintenance. He assists the Lead Building Engineer with preventative maintenance as well as other tasks required to ensure the property is well maintained,.

Anthony has 15 years' of experience in the industry working for companies such as Perkins Overhead Door and Chubb Hotel and Conference Center. Anthony's background includes all of the trades and includes electrical, plumbing, carpentry, masonry and roofing/siding.

PROFESSIONAL EXPERIENCE

Chubb Hotel and Conference Center (Formerly Ace Conference Center) - Lafayette Hills, PA - Anthony was responsible for receiving and shipping items for the conference center and hotel guests as well as managing the monthly inventory. Responsibilities also included ordering and expediting all supplies and products needed for hotel operation, assisting the chief engineer in facilitating daily preventative maintenance programs and he was required to use the skills he has obtained in electrical, plumbing, carpentry, tile installation, flooring installation, painting and surface preparation, masonry, roofing and siding.

Light Parker Furniture - Conshohocken, PA - Anthony was responsible for all aspects of furniture delivery. He was the main point of contact for customer inquiries and issues. He was also responsible for preparing and reconciling paperwork for all deliveries and merchandise. Responsibilities also included performing scheduled maintenance on all equipment as needed as well as constructing and maintaining display units in the showroom

Perkins Overhead Door - Bridgeport, PA - Anthony performed preventative maintenance for all existing customers, responded to all service calls in a timely and professional manner, assess skill levels and administered employee evaluations, collected and organized all materials to facilitate work orders on a daily basis.
